DEVELOPMENTS LTD.

...changing the landscape

For generations, the foundation of Canadian business has been built on the commitment and determination of enterprising families

The Alberta Business Family Institute is a place where business families receive guidance and tools to build on their success. Resources from around the world and our local communities assist our members to understand the unique dynamics of business families.

The Institute is "run by families for families." It provides a direct link between business families and the research and study of family enterprise at the University of Alberta's School of Business, Centre for Entrepreneurship and Family Enterprise.

Our Speakers

Join Tim Melton, Ralph Young and members of the third and fourth generations of the Melton family as they share the remarkable history of Melcor Developments Ltd.

Learn how one of Alberta's oldest real estate companies has succeeded through

several challenging economic times. Operating as a publicly-traded company, Melcor has integrated non-family leadership and governance into the organization and has strategically redefined its core business strategy.

The Melton family and Melcor Developments Ltd. are proud of their past. Their operative word is Tomorrow, not yesterday, and they look forward to serving the generations ahead.
